- reader's advisory
- reference materials
- collaboration space
- device support
- headphones \$1/ pair
- TOME Society

What We Are Not

- Quiet place for testing: You can book the space for testing, if needed.
- A print shop for student work. We can help you create digital projects or you can print to copier.
- A school supply closet: If you need consumables like poster board, construction paper, let Mrs. Deloach know.
- Chromebook Loaner: If a student forgets their Chromebook, we do not loan them one.
- Charger replacement: If a charger is lost, a fee of \$25 must be paid to get another.
- Copier Repair: Mrs. Deloach handles the copiers.
